Description:
 Household income refers to the total compensation or wages received by all members living in the same household, prior to tax deductions. A household includes all the people who occupy a housing unit as their usual place of residence. The median income is the middle value when household incomes are arranged from lowest to highest. A housing unit is defined as owner occupied if the owner or co-owner lives in the unit, even if it is mortgaged or not fully paid for. All occupied units which are not owner occupied, whether they are rented for cash rent or occupied without payment of cash rent, are classified..
